

Duane Morris guides both landlords and tenants through all aspects of commercial lease transactions. We pride ourselves on facilitating our clients' business goals and objectives. We find solutions to resolve issues that inevitably occur, rather than creating obstacles and hurdles. Our clients recognize us as creative lawyers who know how to get their deals done quickly and efficiently.

### OUR APPROACH: CRAFTING LEASES THAT MEET YOUR BUSINESS NEEDS

We focus on understanding our clients' needs and goals. With that understanding, we then prepare, negotiate and complete lease transactions on terms that meet those business objectives, within the time periods established by our clients. Based on many years of experience with leases, our lawyers provide clients with strategic business insights and practical advice that help simplify and expedite complex leasing issues involving approvals, permits, construction, operating expenses, energy efficiency, profitability, leverage, REIT accounting and liability protection.

As part of a large international law firm, we frequently draw on our colleagues' skills in other legal disciplines such as tax, finance, healthcare and education, depending on the unique circumstances of the transaction.
